

ICBM-Colloquium Summer 2024

- 11.04.2024 Dr. Holger Winkler
17:15 „Wissenstransfer und Umweltbildung und die Rolle des Lernlabors
Wattenmeer“ - **Lecture will be in German**
(Host: Prof. Dr. Thomas Badewien)
- 25.04.2024 Prof. Dr. Peter Stief, Danish Center for Hadal Research (HADAL),
University of Southern Denmark, Odense
„Marine snow under pressure: Transformation of sinking particles
during their descent to the deep ocean - simulated in rotating pressure tanks“
(Host: Jutta Niggemann)
- 08.05.2024 Dr. Thomas Browning, GEOMAR
“Climate regulation of ocean nutrient limitation”
(Host: Dr. Jochen Wollschläger)
- 23.05.2024 Dr. Ivy Frenger, GEOMAR
“The ocean's role in mitigating climate change: Aspects of storage of
carbon and heat”
(Hosts: Prof. Dr. Sinikka Lennartz)
- 06.06.2024 Prof. Dr. Erin Saupe, Oxford University
„The emergence of latitudinal diversity gradients “
(Host: Prof. Dr. Helmut Hillebrand)
- 20.06.2024 Prof. Dr. Sheila Heymans, European Marine Board
„How does being an ecosystem modeler help you to work at a
science policy think tank “
(Host: Prof. Dr. Helmut Hillebrand)
- 04.07.2024 Dr. Lynn Govaert, Leibniz Institute of Freshwater Ecology and
Inland Fisheries (IGB) Berlin, Germany
„Eco-evolutionary community dynamics: from theory to experiments
and back “
(Host: PD Dr. Maren Striebel)

Please note that the ICBM Research Committee (4.10.2023) has decided to schedule only the family-friendly Thursday at 12:15 noon for the colloquium.

Online: <https://meeting.uol.de/b/mat-4m2-j9y>
Time: 12:15 (Central European Summer Time)

Guests are welcome!

Prof. Dr. Helmut Hillebrand
