

## List of low- and middle-income countries eligible for the World CUR 2019 Travel Support Program

Learn more about the program at [www.uol.de/WorldCUR2019](http://www.uol.de/WorldCUR2019) or <https://uol.de/en/worldcur2019/support/>.

The list is based on data from the *International Association for Media and Communication Research* (IAMCR), 2018.

LIC = "low income country"      MIC = "middle income country"

Undergraduate students from both low- and middle-income countries have the chance of receiving travel support. Candidates will be selected using review results primarily.

Note: If your country is listed here, you only need to submit your research abstract and wait for your review results. We will start sending out notifications in December.
